AUGUST/SEPTEMBER 2013

Setting Sail

Take your best beau and a boat, and get out on the water and enjoy the bit of summer we have left. This season the colors we're sporting are reds, blues, black, and white. Go all out in a sailor dress and cap. Or layer it up with high-waist shorts, a tank, and a tie-up shirt. Or play it safe on dry land with a more demure farewell affair: a tight fitted blouse and classic pencil skirt. With victory curls, long lashes highlighted with your favorite cat-eyeliner, and a deep red lip such as Lime Crime's Glamour 101, you too can capture the essence of the rockabilly high seas. Add a little nautical statement jewelry, and vintage favorites like cat glasses and rose hair clips, and you've got a look to hook anyone's heart.
